Presenter:

Overdose Prevention Project,
Prevention Point Pittsburgh

The Overdose Prevention Project provides training on Overdose Prevention & Response to individuals at risk of drug overdose, as well as family, friends, and professionals who could be present at the scene of an overdose and might be in a position to save someone's life.

Training will include:

- ♦ Techniques to reduce the risk of overdose
- ♦ How to identify symptoms of an overdose
- ♦ What to do (and what NOT to do) if you are with someone who overdoses
- ♦ How to administer Naloxone (Narcan)

**Naloxone will be
available to those who
register & are in need
of a take-home supply**
